

Hong Kong Police Force

11 February 2015

We would like to express our deepest gratitude to the Hong Kong police force for the contribution and commitment in carrying out their duties; enforcing law and order for Hong Kong. The police has displayed their best endeavors to maintain Hong Kong as one of the safest cities in the world.

The police force has chosen their career to serve our community, they are our friends and neighbors, the one who stand between us and the vandals, burglars, rapists and murders looking to harm us.

At JVSakk, we believes it is important to contribute to the well-being of the communities where we operate. We are delighted give our support to the police through donations to the Police Welfare Fund, which it finances different types of welfare services, including loans and grants to officers for various welfare reasons, financial assistance to officers who are ill or who have been injured on duty and their families, grants for further education of police officers.

Though our support and contribution is very small, the efforts of the police officers will be remembered in the heart of every law abiding citizens in the city and our heartfelt appreciation goes to every members of the police force.
